## Work Experience

---

### Content Integrator

**ZEUS Learning**

**Oct 2022 – Sep 2023**

- Utilized Avallain Author to develop interactive lessons, quizzes, and multimedia resources using customized templates to align with educational standards and brand guidelines
- Conducted thorough testing and quality assurance to ensure the functionality and usability of E-learning content, closely with instructional designers and subject matter experts to ensure content accuracy and educational effectiveness
- Provided training and support to the new members on how to effectively use Avallain Author
- Successfully developed over 100 interactive lessons that improved learner engagement and retention across 4 projects
- Reduced content development time by 30% through the efficient use of tool's features and templates

### Application Developer Intern

**BeanStack Systems**

**Oct 2021 – Apr 2022**

- Committed to the development of UIS (UnityIsStrength), a cancer treatment application designed to locate the nearest available hospitals for cancer patients using Android Studio
- Gained hands-on experience with Git for version control and collaboration
- Applied Java and Laravel for backend development, enhancing application functionality and performance
- Used Postman for API testing to ensure reliable communication between the front end and back end
- Implemented PHP scripts to support server-side functionalities and integrate with the application

### Web Developer Intern

**Dezignolics**

**Dec 2020 – Feb 2021**

- Mastered the fundamentals of web development, focusing on HTML, CSS, and Bootstrap to create dynamic and responsive websites
- Applied newly acquired skills to develop a comprehensive online bookstore, integrating essential web development technologies to enhance user experience
- Designed and implemented user-friendly interfaces, ensuring seamless navigation and accessibility for end-users
- Demonstrated proficiency in front-end development, resulting in a fully functional and visually appealing online platform

## Education

---

### Lemgo, Germany

**TH Ostwestfalen Lippe**

**Oct 2023 - Present**

- MSc in Information Technology

### Mumbai, India

**Mumbai University**

**Aug 2018 - May 2022**

- B.E. in EXTC Engineering
- Bachelor Thesis: Language Recognition and Translation into English Text using Python OCR
